NOTE: For complete dimensions refer to dimensions chart.

AUTOSECURE: Specifications

AutoSecure™ securely stores medications in one or more cabinets based on your storage requirements. Various cabinet configurations are available to help optimize your pharmacy storage requirements.

AutoSecure's seamless integration with AutoPharm® Enterprise provides one system that controls your entire medication inventory. The modern and simple touchscreen interface streamlines workflow to safely manage your medications.

Features:

- Leverages features of AutoPharm Enterprise to provide a complete inventory management solution

- Ensure the right medication is dispensed through bar code technology

- Wholesaler Ordering through AutoPharm Enterprise

- Automated Dispensing Cabinet and Pharmacy Information System integration

- Secure log-on through Windows Active Directory or AutoPharm Security

- Robust Reporting
    - Blind Count Discrepancies
    - Activity Logging / Tracking
    - Waste Tracking

- Room temperature, refrigerated (AutoCool+H), and frozen storage options (AutoFreeze+H)
